

Pei-Jer Chen

CURRENT POSITIONS

Professor, National Taiwan University

EDUCATIONAL AND CAREER EXPERIENCES

Professor Chen was appointed Director of the Hepatitis Research Center at the National Taiwan University Hospital in Taipei in 2001-2003, and now the faculty for Graduate Institute of Clinical Medicine, National Taiwan University. His research interests focus on the molecular virology of hepatitis viruses, and the genetic and genomic study of hepatocellular carcinoma. Professor Chen's clinical research covers the natural history of chronic viral hepatitis and hepatocellular carcinoma, and also explores and conducts new therapies and trials for both diseases. He was the President of Taiwan Association for Study of the Liver (TASL) from 2012 to 2013.

PUBLICATION

From 2001 to 2006, he was a member of the editorial board of the journal *Hepatology* and reappointed since year 2010-2011. He has published over 600 articles in the areas of hepatitis and hepatocellular carcinoma.

AWARDS AND HONORS

In 2000, Professor Chen was awarded the International Research Scholar in Infectious Diseases by the Howard Hughes Medical Institute for a period of five years. He has been elected into Academia Sinica in year 2006, and into TAWS member in year 2011.
